MEMORANDUM FOR THE RECORD

SUBJECT: [REDACTED] 25X1A9A

1. In accordance with conversations with [REDACTED] Security Office, I talked to Joseph Lowther in the U. S. Attorney's office here in Washington. Apparently [REDACTED] prior to employment with the Agency, had been employed at a restaurant where some shooting incident occurred. It is possible that she may be called upon as a witness. Mr. Lowther agreed that he would do whatever was possible to avoid identifying her with CIA although he was told there were no security implications as such as far as the girl's employment was concerned. He said he thought he could probably handle it if necessary but that in any event he felt it rather doubtful he would call on this girl as a witness.

2. The above information was furnished to [REDACTED] by telephone with the suggestion that Lowther could better handle the questioning than to have [REDACTED] attempt to evade any answers. [REDACTED] agreed and said he would brief [REDACTED] accordingly.
